

Your customer will thank you...

ZenDati DataVault is a great opportunity for you to help your customers gain **Peace of Mind through Data Protection**. Not only will your customers thank you, you will also earn a commission on every new customer you refer.

Commission Structure

When you refer a customer who buys a ZenDati DataVault plan, you will earn a commission based on what plan is purchased.

Lump Sum Commissions

Rather than paying you small percentages, we prefer to give you a healthy lump sum commission for each new customer you refer.

Therefore, for each new customer, you will earn:

- **2x the monthly plan total**

You will earn this high lump sum commission *regardless* of whether they sign up for annual or monthly billing.

This chart shows you exactly how much you can earn from each type of backup plan:

Referral Partner Commissions								
	DataVault Express 5	DataVault Express 10	DataVault Express 20	DataVault Pro 10	DataVault Pro 30	DataVault Pro 50	DataVault Pro 70	DataVault Pro 100
